# *How to Train to be a Clearer*

*500 hours of certificate training as you carry on with your life*

## *1. Start here!*

### *The Basics of Clearing*

Through training and mentoring you'll learn to give Problem Clearing sessions, in-person and over Skype; you'll learn professional ethics and client management; you'll receive sessions too, as you learn to help others. *This training is excellent for helpers in any field because so much applies to working with people in general. For beginners it's the way to experience Clearing and see if you want to work with people in sessions.*

*Tuition: US\$2900. Some early sign-up discounts apply. Prerequisite: age 18 or older with an interest in Clearing. For the Basics of Clearing you may pay half tuition and decide after the first six-day training if you'd like to go on.*

## *2. When you know you want more:*

### *Clearing Year II*

Building on your basic training you'll learn to clear a wide range of problem areas including depression, life purpose, relationship challenges, and other issues common to modern living. You'll learn to see more clients and charge student-level fees, under personal guidance as you go.

*Tuition: US\$2900. Prerequisite: you've taken the Basics of Clearing.*

### *3. Learn and experience Depth Clearing: Clearing Year III*

Through training and mentoring you'll learn to clear deeper stuck conditions and destructive attitudes such as 'I'm no good' 'I have to win' etc. You'll learn to clear shame and guilt at depth and give Session Intensives; you'll set your own fees for the sessions you give.

*Tuition: US\$2900. Prerequisite: you've taken Clearing Year II.*

*For each year's tuition, monthly payments can be made throughout the year of training; meals & accommodation are separate and up to each student; some additional costs apply for sessions you receive. These vary, inquire for details.*

As a graduate you pay no franchise or licensing fees. You work independently, staying affiliated and up to date through the *Clearers Association* which offers continuing consultation, conference calls, audio recordings, and updated materials. Currently there are over 60 members in ten countries.

#### *4. You also have continuing options for training in: Couples Clearing, Advanced Clearing, Emotion Clearing and the Clearing Teacher Training.*

By the second year of training, you have the opportunity to begin earning income from sessions you give. Your rates rise as your experience and results grow. In America and Canada, established Clearers charge between \$60-\$110 an hour. Students already trained in coaching, counseling, yoga teaching or business consulting have found their work especially broadened and distinguished by Clearing training. Clearing is an emerging method offering unique methodology based on an understanding that the individual does not need fixing; it is the client's relating and life-ability that can be cleared and enriched more than ever now.
